Glittering Christmas Tree ORNAMENT CRAFT FOR SENIORS

memorylanetherapy

Glittering Christmas Tree Ornament Craft

Materials Needed:

- Colorful Popsicle Sticks (Green, Red, Blue, Brown)
- Yarn or Thread
- Stickers
- Scissors
- Glue Stick
- Glue Gun

How to make the Glittering Christmas Tree Ornament Craft?

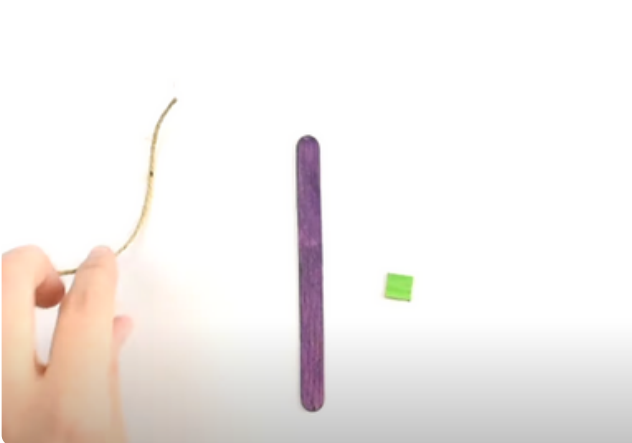

- To begin, grab a green popsicle stick and trim the edges.

- Using a ruler, mark the popsicle stick at the specified measurement.

- Please use the following measurements for the green popsicle sticks, which will serve as the leaves of the tree

- Now it's time to put your crafty pants on: snip the green popsicle sticks, then grab the brown popsicle stick, thread, and half-inch green stick.

- Take a glue gun and attach one end of the thread to the top of the brown popsicle stick.

- Next, attach the half-inch green popsicle stick to the top of the thread.

- Assemble all the green popsicle sticks that were previously cut.

- Once you have finished gluing the green popsicle sticks together, place a star at the top and use colorful stickers to decorate the tree.

- That's it, you're finished with the craft!
