Santa Popsicle Stick Craft

Materials:

- Paint
- Paint brush
- Popsicle Sticks
- Glue
- Scissors
- Cotton

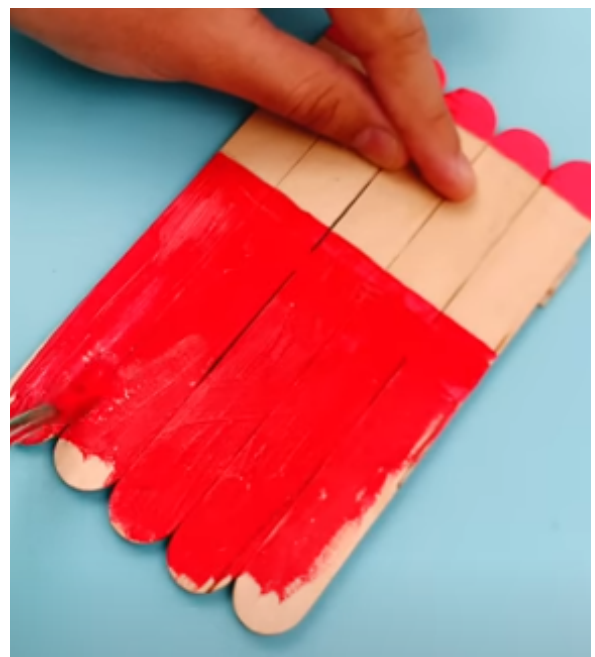

Instructions:

1. Assemble all the necessary crafting materials.
2. Position two popsicle sticks horizontally at the base and glue five popsicle sticks vertically on top of them to create a sturdy foundation for Santa's body.

3. For Santa's hat, paint the top portion of the vertical sticks red and add a white section at the lower part to serve as the hat's lining.
4. Paint the lower half of the vertical sticks red to represent Santa's suit.

5. Draw a black line across the middle of the red suit to depict Santa's belt and glue a yellow button or pom-pom in the center as the belt buckle.
6. Above Santa's body, add two dots for the eyes and one for the nose to suggest Santa's face.
7. Attach cotton at the lower part of the face area to create a fluffy beard.
8. To finish the craft, add a piece of yarn at the top to outline Santa's hat, giving it a dimensional look.
